TESTIMONIAL

As First Lady of Light House Full Life Center in Grand Rapids, Michigan, and host of the Flourish Conference, I cannot speak highly enough about Pastor Andria and the life-changing word she delivered at our 2025 gathering. As our keynote speaker, she powerfully closed the conference with an anointed message entitled Development, which beautifully captured the very heart of our theme.

Pastor Andria reminded us that seasons of hiddenness and waiting are never wasted. She helped us see that before we can truly flourish, we must first be developed—and though that process can feel painful and isolating, God uses it to shape His plan and purpose in our lives. Ministering under the undeniable power and anointing of the Holy Spirit, Pastor Andria flowed with grace, authority, and prophetic insight.

Her words were not only inspirational but transformational, providing practical tools that we could immediately apply to our personal lives, families, and ministries. The impact was evident in the tears, the laughter, and the breakthroughs we witnessed in the room. This was more than a message; it was an encounter that will continue to bear fruit in the lives of every woman who attended, myself included!

We left feeling encouraged, strengthened, and radically changed. We are undoubtedly better because of her ministry.
